

Shop Direct Finance Company Complaints

The Very Group is a unique digital business which combines online retail and flexible payments. Our brands are Very and Littlewoods. Within that, Shop Direct Finance Company Limited (SDFC) provides a range of financial service products to support our retail business.

We put our customers at the heart of everything we do and aim to provide quality products and first-class service at all times. However, we do recognise that, on occasion, you may feel that the service you received did not meet your expectations. In this instance, we welcome your feedback to help us continually improve our processes.

As part of our ongoing commitment to provide first class customer service, we run a number of workstreams dedicated to improving our customer experience.

SDFC's main business is to provide consumer credit and our total credit complaints represented 0.22% of the 8.64m retail credit orders processed in the last six months of 2025. We treat each complaint very seriously and aim to resolve these promptly.

The following table provides information on FCA financial service complaints received and closed in the period shown for SDFC. This information is provided to the FCA.
